

Question: For the Exam Web Page, please choose the best answer for this test:

Test ID: 5.C

Test Name: 1.3.1-programmatic-label

Test Condition: The combination of the accessible name, accessible description, and other programmatic associations describes each input field and includes all relevant instructions and cues.

Exam Web Page

- ☐ a. **Not Tested** - The programmatic labels and associations are insufficient, but the form layout is logical.
- ☒ b. **Pass** - The combination of accessible name, accessible description, and other programmatic associations describes each input field and includes all relevant instructions and cues. ✓
- ☐ c. **Fail** - The programmatic labels and associations are insufficient.
- ☐ d. **Does Not Apply** - The programmatic labels and associations are insufficient, but the error messages are accurate.
- ☐ e. **Fail** - The programmatic labels and associations are insufficient, but the visual labels are sufficiently descriptive.
