

Question: For the Exam Web Page, please choose the best answer for this test:

Test ID: 19.A

Test Name: 2.4.5-multiple-ways

Test Condition: There are two or more ways to locate a web page within a set of web pages.

Exam Web Page

- ☐ a. **Pass** - There are two or more ways to locate a web page within a set of web pages.
- ☒ b. **Fail** - There only two ways to locate a web page within a set of web pages.
- ☐ c. **Fail** - There is only one way to locate a webpage within a set of webpages.
- ☐ d. **Fail** - The other pages are easy to find, so no additional methods are needed.
- ☐ e. **Does Not Apply** - There is only one web page with no related pages, or the page is a step in a process.
