

**Question:** For the Exam Web Page, please choose the best answer for this test:

**Test ID:** 2.A

**Test Name:** 1.4.2-audio-control

**Test Condition:** The user can pause, stop, or control the volume of audio content that plays automatically.

Exam Web Page

- ☐ a. **Fail** - The user cannot pause, stop, or control the volume of audio content that plays automatically.
- ☐ b. **Fail** - Has automatic audio; user cannot pause, stop, or control volume.
- ☐ c. **Pass** - The user can pause, stop, or control the volume of audio content that plays automatically.
- ☐ d. **Fail** - The user cannot pause, stop, or control the volume of audio content that plays automatically for more than 3 seconds.
- ☒ e. **Does Not Apply** - This test condition does not apply because there is no audio content that plays automatically for more than 3 seconds.
