

Question: For the Exam Web Page, please choose the best answer for this test:

Test ID: 10.D

Test Name: 1.3.1-list-type

Test Condition: All visually apparent lists are programmatically identified according to their type.

Exam Web Page

- ☐ a. **Not Tested** - Lists can be created using whitespace only.
- ☐ b. **Does Not Apply** - There are no visually apparent lists.
- ☐ c. **Fail** - Visual lists need to be correctly coded only if they are part of the page navigation.
- ☒ d. **Pass** - All lists are correctly coded.
- ☐ e. **Fail** - Some lists are incorrectly coded for type, nesting or hierarchy.
