Question: For the Exam Web Page, please choose the best answer for this test:

Test ID: 5.C

Test Name: 1.3.1-programmatic-label

Test Condition: The combination of the accessible name, accessible description, and other programmatic associations describes each input field and includes all relevant instructions and cues.

[Exam Web Page]

- ○ a. **Not Tested** - The programmatic labels and associations are insufficient, but the form layout is logical.

- ○ b. **Does Not Apply** - The programmatic labels and associations are not sufficient, but the error messages are accurate.

- ⦿ c. **Pass** - The combination of accessible name, accessible description, and other programmatic associations describes each input field and includes all relevant instructions and cues. ✔

- ○ d. **Fail** - The programmatic labels and associations are insufficient.

- ○ e. **Fail** - The programmatic labels and associations are insufficient, but the visual labels are sufficiently descriptive.
