Question: For the Exam Web Page, please choose the best answer for this test

Test ID: 5.C

Test Name: 1.3.1-programmatic-label

Test Condition: The combination of the accessible name, accessible description, and other programmatic associations (e.g., table column and/or row associations) describes each input field and includes all relevant instructions and cues (textual and graphical).

[Exam Web Page]

- a. **Not Tested** - The programmatic labels and associations are insufficient, but the form layout is logical.
- b. **Fail** - The programmatic labels and associations are insufficient, but the visual labels are sufficiently descriptive.
- c. **Pass** - The combination of accessible name, accessible description, and other programmatic associations describes each input field and includes all relevant instructions and cues.
- d. **Fail** - The programmatic labels and associations are insufficient. ✔
- e. **Does Not Apply** - The programmatic labels and associations are insufficient, but the error messages are accurate.
